We are ready to fulfill the requirements of RoHS and the products which conform to RoHS can be shipped after we sign this declaration. We keep our commitment to the environmental protection and develop low pollution and energy saving products. Our production process and supplied raw material from our suppliers are in compliance with RoHS. The product complying with RoHS will use green test sticker instead of the original black one at the bottom casing. We will do the best to guarantee the products according to RoHS and PPW. Thank you for your support and patronage.

Best Regards,

EDIMAX TECHNOLOGY CO., LTD.
